Project Scope

1. Digital Lifestyle Habit Tracker
 - 1.1. Screen Time Tracking
 - 1.1.1. Track screen time for all apps on the device.
 - 1.1.2. Track screen time for one or more apps as a group.
 - 1.1.3. Exclude time for exempted apps.
 - 1.2. Managing Accountability Partners
 - 1.2.1. Add one or more users to your accountability list by email or phone number.
 - 1.2.2. Remove users from your accountability list.
 - 1.2.3. Manage permissions for accountability partners.
 - 1.2.3.1. Allow or restrict partner access to all screen time data.
 - 1.2.3.2. Restrict partner access to selected app data.
 - 1.2.3.3. Allow a partner to create time limits.
 - 1.2.3.4. Allow a partner to override time limits.
 - 1.2.3.5. Set a partner as a parent so that the user cannot remove or alter accountability permissions after created.
 - 1.3. Time Limits
 - 1.3.1. Place time limits on one or more apps or categories.
 - 1.3.2. Delete time limits with permission from an accountability partner if applicable.
 - 1.3.3. Add passcode to override time limit.
 - 1.3.4. Contact an accountability partner to override a time limit.
 - 1.4. Data Views
 - 1.4.1. Export data to .csv, .xls, .pdf, .json, or .xml.
 - 1.4.2. Export visualizations to .jpeg or .png.
 - 1.4.3. View screen time by app, category, or custom app group.
 - 1.4.4. View daily screen time.
 - 1.4.5. View weekly screen time.
 - 1.4.6. View monthly screen time.
 - 1.4.7. View yearly screen time.
 - 1.4.8. View data in various visual formats: sorted list, filtered list, bar graph, pie graph, line chart, or word cloud.
 - 1.4.9. View previous time periods.

- 1.4.10. Compare the current view to previous time periods.
- 1.5. Accountability
 - 1.5.1. Access all screen time data according to the “Data Views” section.
 - 1.5.2. Create time limits according to the “Time Limits” section.
 - 1.5.3. Override time limits or remove restrictions.
